Introduction

The Mississippi Charter School Authorizer Board (MCSAB or the Board) is pleased to invite proposals for high-quality charter schools seeking to open in the upcoming school year or thereafter. The MCSAB is charged with approving quality charter proposals that meet identified educational needs and promote a diversity of educational choices, and declining weak or inadequate charter proposals.

Specifically, MCSAB seeks proposals for charter schools that will:

1. improve student learning;
2. close achievement gaps between high- and low-performing groups;
3. increase educational opportunities for all students, but especially for those with a likelihood of academic failure;
4. allow teachers and school administrators to have a direct voice in the operation of the school;
5. encourage the use of high-quality models of teaching, governing and scheduling;
6. provide for exceptional levels of results-driven accountability;
7. create expanded opportunities for involvement in the education system by students, parents and community members; and
8. encourage the replication of successful charter schools, if applicable.

All New Operators approved through this process will be public schools subject to the legal requirements set forth in Mississippi Code Annotated §37-28-3 et seq. and the state of [Mississippi Ethics Laws](#) and [Open Meetings Act](#).

Statement of Preference

Mississippi Code Annotated § 37-28-15 permits the board to adopt an application preference for applications intended to help underserved students. This serves as notice that the board will grant such a preference for applications that demonstrate a commitment to and plan for recruiting, enrolling, and serving underserved students, and/or that demonstrate strong, credible evidence of a compelling community need for the proposed school. This preference will be considered when determining whether applicants proceed to the capacity interview stage of the application process.

Performance Framework

Mississippi Code Annotated § 37-28-15 requires that this RFP include information regarding the elements of the performance framework that MCSAB will use to annually evaluate charter school performance. Charter schools in Mississippi are evaluated annually using the Mississippi Charter School Performance Framework. The Performance Framework includes performance metrics and standards for academic, financial, and organizational performance that guide MCSAB's evaluation of each charter school. The Mississippi Charter School Performance Framework is the accountability mechanism for all charter schools authorized by MCSAB. The objective of the Performance Framework is to provide charter school operators and governing boards with clear expectations, fact-based oversight, and timely feedback while ensuring charter autonomy. The Mississippi Charter School Performance Framework assesses schools on their ability to operate as sound, independent entities that successfully serve all students. The Performance Framework features three key components: 1) routine ongoing oversight and submissions, 2) three performance frameworks and 3) annual performance reports. All Mississippi charter schools are issued an initial contract of five years. Over the course of this five-year contract term, charter schools are evaluated annually using the components of the Mississippi Charter School Performance Framework.

In this RFP cycle, applicants will be considered in three groups, each of which has specific requirements.

New Operators are nonprofit organizations which:

Have never operated a charter school OR currently operate a charter school that has been open for less than one school year (regardless of location)

Do not intend to employ an educational service provider OR intend to employ an educational service provider that has not operated a school for more than one year (regardless of location)

Existing Operators are nonprofit organizations which currently:

Have one or more schools in operation nationwide which have been in operation for more than one full school year

Conversion Applicants are nonprofit organizations, either new operators or existing operators, which propose to convert an existing traditional public school to charter status.

Evaluation Process

The MCSAB charter school proposal evaluation process includes a **letter of intent and eligibility check** and **three stages of review**, summarized below. Additional information regarding Stages 2 and 3 may be found in the **published Evaluation Criteria for each Stage, which are incorporated in this RFP.**

Initial Stage: Letter of Intent and Eligibility

To be eligible to submit a full proposal, all interested parties must submit the mandatory Letter of Intent and accompanying eligibility documentation. Conversion schools must also submit their proof of support at this time. Eligibility packets must be prepared using the template documents provided and submitted via the online portal. Only eligible applicants will be able to submit a full proposal.

Stage 1: Completeness Check

All eligible proposals will be reviewed for completeness before they are distributed to evaluators. If a proposal is **incomplete or incorrectly** formatted, the applicant will have 48 hours to remedy issues and resubmit their proposal. Proposals deemed incomplete will not be eligible to proceed to Stage 2.

Stage 2: Threshold Quality Review

Independent evaluators will assess critical elements of each proposal against the published Stage 2 evaluation criteria. At the conclusion of Stage 2, Applicants who fail to meet the threshold will not be eligible to proceed to Stage 3 Evaluation.

Stage 3: Independent Evaluation Team Review

Teams of independent evaluators will evaluate each proposal and discuss their findings based on the written materials. Applicants that meet the criteria will be invited to an in-person capacity interview. During an in-person capacity interview, applicants will have the opportunity to further demonstrate their capacity to open and maintain a high-quality charter school as well as to answer specific questions about their proposal. Applicants will receive a copy of the independent evaluation team's recommendation and will have the opportunity to provide a final (3) page written response to MCSAB before the Board votes to approve or deny applications.

Applicant Code of Conduct

Members of the Board are obligated to make decisions in the best interests of children, free from personal or political influences. Similarly, charter school applicants have the responsibility of respecting and upholding the integrity of the charter school proposal process.

Specifically, charter school applicants shall not:

- Initiate, or attempt to initiate, any activity with a MCSAB member with the exception of a public hearing;
- Initiate, or attempt to initiate, any activity with a member of the independent evaluation team; or
- Direct any communications, including proposal documents, to a MCSAB member or to a member of the independent evaluation team.

Charter school applicants found to be in violation of these requirements may be deemed ineligible for consideration in future proposal processes.

All charter school proposal materials submitted to MCSAB become public records.

Directions

Please submit an application that addresses the following questions / issues. The total narrative response **may not exceed 75 pages** (not including the requested attachments and addenda). There are no page limits for individual sections **except** for the School Summary, Attachments, and Addenda.

Please keep in mind that your application is a professional document. The quality of the document that you submit should reflect the quality of the school that you propose to open. Evaluation teams will be able to navigate well-organized, effectively edited documents easily, thereby focusing their energy on reviewing the content of each application. Grammar, spelling, and formatting all make an impression on an evaluator.

Plagiarism

The University of Southern Mississippi defines plagiarism as "copying words, concepts, or ideas from any source and submitting the material as one's own without acknowledging the source by the use of footnotes, quotation marks, or both" (University of Southern Mississippi, Academic Integrity Policy). Individuals and groups seeking the right and responsibility to educate public school children at public expense should be accountable to the highest standards of academic integrity. **The MCSAB adopts this definition and considers plagiarism, including the copying of language from any other charter application without proper attribution, as grounds for immediate denial.**

MCSAB understands that in order to implement an existing curriculum, instructional framework, or educational model (e.g. Montessori, arts integration, project-based learning, blended learning, etc.) with fidelity, key concepts must be discussed. However, it is not acceptable to copy and paste this discussion or description from another source. **A high-quality applicant team with the capacity to operate a high-quality school must be able to thoughtfully explain in their own words how they intend to educate children.** MCSAB also understands that existing operators proposing to replicate a model may use their own intellectual property, which is appropriate and acceptable.

Addendum 2. For Conversion School Proposals

6 Page Limit - ONLY applicants proposing to convert an existing (non-charter) public school should complete this section.

Conversion school applicants may propose to provide a high quality option for students in schools where:

- a majority of parents and/or teachers and/or school board members of the existing school wish to convert the existing non-charter public school; or
- the existing school is undergoing State or District turnaround efforts.

Conversion charter schools must have a clear plan for dramatically improving persistently underperforming school cultures, significantly raising student achievement, and effectively meeting the needs of at-risk populations, especially students with disabilities.

Community Need and Support

Explain the rationale for converting the existing public school to charter status.

Describe the efforts to date to garner parent and community support and involve individuals and organizations in the conversion. Include a discussion of the process by which the applicant team gathered the evidence of eligibility for conversion (previously presented with the LOI), namely:

- a. a petition signed by a majority of teachers in the existing non-charter public school; or
- b. a petition signed by a majority of parents of students in the existing non-charter public school; or
- c. evidence of a majority vote of the local school board; or (in the case of schools in districts under state conservatorship) evidence of a majority vote of the State Board of Education. Provide specific plans for ongoing family and community engagement, including timing and responsible individuals.

Enrollment and Recruitment Supplement

1. Explain the plan to cultivate student and parent investment in the conversion, especially how the school plans to limit attrition from the existing student body. Describe how this plan will successfully transition students who currently attend or are zoned to attend the school being converted.
2. *If applicable*, summarize the school's policy regarding enrollment preferences for students who reside within the former attendance area of the proposed charter school.

2. Describe any existing or potential conflicts of interest between the school's governing board, proposed school employees, proposed ESP, and any affiliated business entities.
3. List all subsidiaries or related entities that are affiliated or owned in whole or in part by the ESP and identify the nature of those entities' business activities.
4. Explain whether the school has or will have any relationship with or receive any services from any of the entities listed in the previous question.

5. Explain the supervisory responsibilities of the ESP (if any), including which school employees the ESP will supervise, how the ESP will supervise these employees, and how the charter school board will oversee the ESP's supervisory responsibilities.
6. If the school's governing board intends to execute promissory notes or other negotiable instruments, or enter into a lease, lease-purchase agreement or any other facility or financing relationships with the ESP, provide evidence that such agreements are separately documented and not part of or incorporated in the school management contract. Any facility or financing agreements must be consistent with the school governing board's authority and practical ability to terminate the management agreement and continue operation of the school.
7. Describe and provide documentation of any loans, grants, or investments made between the ESP and the school, including an explanation of how any such loans, grants, or investments may be initiated, repaid, and refused by the school.

What are the conditions, standards, and procedures for board intervention, if the management organization's performance is deemed unsatisfactory?
4. Describe the compensation structure and payment schedule, including clear identification of all fees, bonuses, and any other compensation to be paid to the ESP.
5. Describe the respective financial responsibilities of the school governing board and the ESP. Who will own property purchased with public funds? 6. What is the term (duration) of the management agreement? Explain the conditions and procedures (including time frames, notice, and decision-making procedures) for renewal and termination of the contract. How often will the management agreement be renewed? Describe the conditions that both the ESP and the school must satisfy for the management agreement to be renewed. On what grounds may the ESP or the school terminate the management agreement for cause, and without cause? List any indemnification provisions in the event of default or breach by either party.

Math	Connected Mathematics	<i>Connected Mathematics</i> is a constructivist, problem-centered middle school math curriculum that asks students to spend significant portions of time solving problems in contexts that require thinking, planning, reasoning, computing, and evaluating. Problem-centered math helps students make sense of and retrieve math concepts more readily. <i>Connected Math</i> focuses on depth of understanding, as well as on developing the necessary habits of mind that are conducive to the long-term study of mathematics. An independent study conducted by Claremont Graduate University's Institute of Organizational and Program Evaluation Research, reported that Connected Mathematics students demonstrated significantly greater gains in problem-solving, math communication, and math reasoning strategies than their peers using other math programs as evidenced by performance on the Balanced Assessment of Mathematics (BAM.)
	ST Math	Created by the MIND Research Institute, ST Math provides game-based, visual math instruction. This interactive program adapts to students' mastery as they progress through various skills and concepts targeted to their needs. ST Math focuses on improving conceptual learning and problem solving by visually representing concepts students learn during traditional instruction. Schools that use ST Math achieve at least double the growth in math proficiency than comparable schools.

MISSISSIPPI CHARTER SCHOOL AUTHORIZER BOARD CHARTER SCHOOL PROPOSAL STAGE TWO EVALUATION CRITERIA NEW AND EXISTING OPERATORS

The Stage 2 Evaluation Process

The Stage 2 Evaluation Criteria are the essential tools used by evaluators to determine whether a proposal meets the **minimum quality threshold** required to merit a full evaluation. A response is **Inadequate** if it significantly fails to address the RFP requirements or criteria for approval, or wholly lacks merit. During Stage 2, evaluators **only provide a rating to indicate that a proposal has not met the threshold and is thus deemed inadequate**. At the conclusion of Stage 2, if a proposal has no inadequate ratings the proposal proceeds to a full review to assess the extent to which it meets the Stage 3 criteria for approval.

THRESHOLD 1: PUBLIC CHARTER SCHOOL OBLIGATIONS

Documents considered include (but may not be limited to):

- Proposal Narrative
 - Executive Summary
 - Section 1. Educational Program Design & Capacity: Student Recruitment & Enrollment
 - (if applicable): Addendum 1. Request for Waivers from Mississippi Code Annotated § 37-28-47
 - (if applicable): Addendum 2. For Conversion School Applications: Enrollment & Recruitment Supplement, Turnaround Planning
- Attachment: Enrollment Policy

A response is inadequate if:

It raises significant concerns about the applicant's understanding of, preparation for, and/or commitment to non-sectarian operation.

It is lacking in or raises significant concerns about the applicant's understanding of, preparation to, and/or commitment to operating free of any prohibited application, admissions, or enrollment policies/practices.

THRESHOLD 2: STUDENT POPULATIONS

Documents considered include (but may not be limited to):

- Proposal Narrative
 - Executive Summary
 - Section 1. Educational Program Design & Capacity: Special Student Populations and At-Risk Students, Student Recruitment & Enrollment, Student Discipline
 - Section 2. Operations Plan & Capacity: Facilities
 - (if applicable): Addendum 2. For Conversion School Applications: Enrollment & Recruitment Supplement, Turnaround Planning
- Attachment: Enrollment Policy
- Attachment: Discipline Policy
- Attachment: Financial Plan Workbook

THRESHOLD 2: STUDENT POPULATIONS Continued

A response is inadequate if:

It is lacking in merit or raises significant concerns about the applicant's understanding of, preparation and/or commitment to meeting the needs of all special populations, including students with disabilities, ELLs, students requiring remediation or gifted and talented students.

The funds allocated to serving special populations are inadequate or are contradicted by the assumptions in other parts of the plan.

Demographic projections fail to meet the statutory "80% rule" (i.e., the proposed school's underserved student population is equivalent to at least 80% of the underserved student percentage of the school District in which the school will be located).

THRESHOLD 3: STARTUP PLAN

Documents considered include (but may not be limited to):

- Proposal Narrative
 - Executive Summary
 - Section 1. Educational Program Design & Capacity: Student Recruitment & Enrollment, Education Program Capacity
 - Section 2. Operations Plan & Capacity: Staffing Plans, Hiring, Management, & Evaluation; Professional Development, Facilities, Start-up & Ongoing Operations
 - (if applicable): Addendum 1. Request for Waivers from Mississippi Code Annotated § 37-28-47
 - (if applicable): Addendum 2. For Conversion School Applications: Enrollment & Recruitment Supplement, Turnaround Planning
- Attachment: Enrollment Policy
- Attachment: Facility commitment and description
- Attachment: Start-up plan
- Attachment: Financial Plan Workbook

A response is inadequate if:

The start-up plan insufficiently identifies critical work streams required before school opening.

The start-up plan fails to identify a specific and reasonable completion date for each milestone, and/or the time allocated to complete work streams within the start-up plan is inadequate.

The start-up plan indicates that the applicants are unprepared to meet compliance requirements or to understand what will be required to open on time and be ready to serve students effectively.

The plan for securing a viable facility in time for school opening is either non-existent or implausible.

THRESHOLD 4: PERSONNEL

Documents considered include (but may not be limited to):

- Proposal Narrative
 - Executive Summary
 - Section 1. Educational Program Design & Capacity: Educational Program Capacity
 - Section 2. Operations Plan & Capacity: Organization Charts, Governing Board, Advisory Bodies, Staff Structure, Professional Development
- Attachment: School leader qualifications
- Attachment: Leadership team qualifications
- Attachment: Organizational charts
- Attachment: Board documents
- Attachment: Board member information
- Attachment: Staffing chart
- Attachment: Financial Plan Workbook
- Attachment: Budget Narrative

A response is inadequate if:

The applicants provided insufficient evidence that the proposed school leader has satisfactory experience in serving the proposed student population.

The proposed staffing structure is not viable or is materially inconsistent with other parts of the plan.

The proposed organization chart and board information raise significant concerns about the understanding of, preparation for, and/or commitment to principles of sound board governance, including avoiding conflicts of interest.

THRESHOLD 5: FINANCIAL PLAN

Documents considered include (but may not be limited to):

- Proposal Narrative
 - Executive Summary
 - Section 2. Operations Plan & Capacity: Staff Structure, Facilities, Start-up & Ongoing Operations
 - Section 3. Financial Plan & Capacity
- Attachment: Staffing chart
- Attachment: Start-up plan
- Attachment: Financial Plan Workbook
- Attachment: Budget narrative

A response is inadequate if:

The revenue assumptions are lacking in merit or raise significant concerns about the applicant's understanding of, preparation to, or ability to account for state and federal per pupil funding streams.

Budget worksheets as presented are mathematically inaccurate, and/or revenue and expense lines are accounted for incorrectly.

Budget projections for any year(s) result in a cash-negative position.

Private funds are included in financial projections (loans, grants, lines of credit, etc.), but are wholly unsubstantiated by evidence of commitment in Attachment: Budget Narrative.

Expenditure assumptions are not provided, lack merit or are unsustainably high or low on their face. Any assumption detail fails to provide a credible rationale for accepting the facially invalid assumptions.

Employees and consultants/contractors working prior to school opening are not accounted for in the start-up budget, and/or the revenue allocated to cover those expenditures is wholly inadequate in relation to the work assumptions.

The term sheet and/or contract indicate contract duration longer than the first term of the charter.

The term sheet and/or contract wholly fail to articulate roles of and differentiate responsibilities between the governing board, school staff, and the ESP (e.g., the board cedes independent oversight/authority over budget, performance).

STAGE THREE EVALUATION CRITERIA
NEW AND EXISTING OPERATORS

The Stage 3 Evaluation Process

Independent evaluators utilize the Stage 3 criteria in their individual and team assessments of each proposal. There are additional evaluation criteria for existing operator applicants. Based on evaluation criteria evaluators present a rating and a narrative analysis of each section of the proposal.

Within each section, specific criteria define the expectations for a response that “Meets the Standard.”

In addition to meeting the criteria that are specific to that section, each part of the proposal should align with the overall mission, budget, and other sections of the proposal.

In general, the following definitions guide evaluator ratings:

Rating	Characteristics
Meets the Standard	The response reflects a thorough understanding of key issues. It addresses the topic with specific and accurate information that shows thorough preparation ; presents a clear, realistic picture of how the school expects to operate; and inspires confidence in the applicant’s capacity to carry out the plan effectively .
Partially Meets the Standard	The response meets the criteria in many respects but lacks detail and/or requires additional information in one or more areas .
Does Not Meet the Standard	The response meets the criteria in some respects but has substantial gaps in a number of areas.
Falls Far Below the Standard	The response is wholly undeveloped or significantly incomplete ; demonstrates lack of preparation; or otherwise raises substantial concerns about the viability of the plan or the applicant’s ability to carry it out.

A proposal that merits a recommendation for approval should present a clear, realistic picture of how the school expects to operate; be detailed in how this school will raise student achievement; and inspire confidence in the applicant’s capacity to successfully implement the proposed academic and operational plans.

Evidence of Capacity

Throughout the proposal, evaluators will assess the evidence that the applicant team has the capacity to execute the plan as presented.

In total, a high-quality proposal will demonstrate evidence that the team has the capacity needed in all key areas to open and operate a charter school that improves academic outcomes for students.

- **Individual and collective qualifications** (documented, for example, by resumes and biographies for all members) **to implement the Education Plan** successfully, including capacities in areas such as school leadership, administration, and governance; curriculum, instruction, and assessment; performance management; and parent and community engagement.
- **Individual and collective qualifications** for implementing the **Organizational Plan** successfully, including capacity in areas such as staffing, professional development, performance management, school start-up, general operations, and facilities management.
- **Individual and collective qualifications** for implementing the **Financial Plan** successfully, including capacity in areas such as financial management, fundraising and development, accounting, and internal controls.
